

# Plan Of Salvation

## Ernie Haase & Signature Sound

ChorusI want to thank Jesus  
For the plan of salvation  
Just to say Lord I love you  
For you understand  
I want to be there on  
That great judgment morning  
To touch all the nail prints  
In his feet and his hands.VerseOne morning at daybreak  
A crowd slowly gathered  
They were walking my Lord up  
Old Cavy's hill  
So sad was the scene there  
The birds hushed their singing  
Like a lamb he was humbled  
To his father's own will.I want to thank Jesus  
For the plan of salvation  
Just to say Lord I love you  
For you understand  
I want to be there on  
That great judgment morning  
To touch all the nail prints  
In his feet and his hands.I want to thank Jesus  
For the plan of salvation  
Just to say Lord I love you  
For you understand  
I want to be there on  
That great judgment morning  
To touch all the nail prints  
In his feet and his hands.  
To touch all the nail prints  
In his feet and his hands.
