Fight For Freedom (let The Walls Fall)

Royal Tailor

This is unknown territory, where the broken tell their story
Everyoneâ€™s in need of grace that brings us freedom
Answers wait in the horizon, where the setting sun is rising
Everyoneâ€™s in need of faith that brings us freedom

You know thereâ€™s more for us out there
but we gotta start right here
So take the limits off, no fear
We will, we will fight for freedom
Yeah, we can change it all
Let the walls fall we can change it all
Yeah, we can change it all
We will, we will fight for freedom

Glory, Glory, Hallelujah
Glory, Glory, Hallelujah, we will, we will fight for freedom

Back then we talked about this day and thenâ€™s now
At any second all these stars could burn out
And every moment is a memory in the making
And we gonâ€™ be remembered by the movements that weâ€™re creating
They makinâ€™ prisons with opinions locking lies up with the facts
Call us Michael Scofield cause we breakinâ€™ through the cracks
No we gonâ€™ never fit in, you know we never quittinâ€™
Til we recreate the world we wanna live in

Every wall is coming down, down, down
These walls are coming down, down
Every fear is coming down
Every wall that separates us has gotta come down
The walls that separate us have gotta come down

Judgement and hatred, religion and politics
Preferences and prejudice, these walls are coming down, down
