

Far Away

Chantal Kreviazuk

Make me believe in you
Honestly for real, one thing true
Take me in, in your arms
Wandering alone seems so far Let me know that you've made it as far as forever
Let me know that you hear when I cry if you can You're far away from me
You're far away from me
You're far away from me
Come a little closer, just a little Let me know heaven sees
Shines on life, our memories
Make me feel all that you are
Angel child or a radiant star Cause I know that we'll meet up again in forever
Let me know you'll be waiting for me in the end You're far away from me
You're far away from me
You're far away from me
Come a little closer, just a little You're far away from me
You're far away from me
You're far away from me
Come a little closer, just a little
Just a little Just a little, just a little
Just a little, just a little
Just a little
