

Move

Jim Verraros

Yeah, come on

I'm ready

Push me, pull me, how do you want me?

Touch me, tease me, love it when you taunt me

Don't try to hide, you know you want to flaunt me

Ollie, ollie, oxen free, you caught me

Push me, pull me, how do you want me?

Touch me, tease me, love it when you taunt me

Don't try to hide, you know you want to flaunt me

Ollie, ollie, oxen free, you caught me

Move, just a little bit closer

Move, can you feel my body?

Move, 'cause my temperature's risin'

Move, come on baby make your move

Move, just a little bit closer

Move, can you feel my body?

Move, 'cause my temperature's risin'

Move, come on baby make your move

No question, you want it, come and get it while it's waitin' for ya

Don't tell nobody 'bout this freaky thing I'm gonna show ya

No question, you want it, come and get it while it's waitin' for ya

Don't tell nobody 'bout this freaky thing I'm gonna show ya

Flip me, toss me, know you wanna boss me

If I give into you, what's it gonna cost me?

If you wanna climb, baby, jump on the fence

Make a dollar out of my fifteen cents

One for the money, two for the sex

Three and a half hours later, what's next?

In the kitchen, up against the door

In the bath tub or on the floor

Move, just a little bit closer

Move, can you feel my body?

Move, 'cause my temperature's risin'

Move, come on baby make your move

Move, just a little bit closer

Move, can you feel my body?

Move, 'cause my temperature's risin'

Move, come on baby make your move

No question, you want it, come and get it while it's waitin' for ya

Don't tell nobody 'bout this freaky thing I'm gonna show ya
No question, you want it, come and get it while it's waitin' for ya
Don't tell nobody 'bout this freaky thing I'm gonna show ya
Whatever you want me to be
Here I am, here I am
So many ways to be free, to be free
And I don't give a damn
Move, just a little bit closer
Move, can you feel my body?
Move, 'cause my temperature's risin'
Move, come on baby make your move
No question, you want it, come and get it while it's waitin' for ya
Don't tell nobody 'bout this freaky thing I'm gonna show ya
No question, you want it, come and get it while it's waitin' for ya
Don't tell nobody 'bout this freaky thing I'm gonna show ya
No question, you want it, come and get it while it's waitin' for ya
Don't tell nobody 'bout this freaky thing I'm gonna show ya
No question, you want it, come and get it while it's waitin' for ya
Don't tell nobody 'bout this freaky thing I'm gonna show ya
No question, you want it, come and get it while it's waitin' for ya
Don't tell nobody 'bout this freaky thing I'm gonna show ya
