Musclebound

Spandau Ballet

Advisory - the following lyrics contain explicit language:

We're building fires that will burn until morning
The smell of books and hot stone surrounds us
Tough is the leather that's strapped to my skin
Strong are the bonds that we makeWe feel the steam as it rises around us
Up from the soil that is cracking its back
Tough is the leather that's strapped to my skin
Strong are the bonds that we singWork till you're musclebound, all night long
Work till you're musclebound, all night long
Gotta work till you're musclebound, all night long
Gotta work till you're musclebound, all night longWe're building fires that will burn until morning
The smell of books and hot stone surrounds us
Tough is the leather that's strapped to my skin
Strong are the bonds that we makeTo feel the pulsing from chanter to mountain
Down through the vein and into the grain
Strong is the shoulder that moves to the time
Here is the land it can breakWork till you're musclebound, all night long
Work till you're musclebound, all night long
Gotta work till you're musclebound, all night long
Gotta work till you're musclebound, all night longTough is the leather that's strapped to my skin
Strong are the bonds that we singWork till you're musclebound, all night long
Work till you're musclebound, all night long
Gotta work till you're musclebound, all night long
Work till you're musclebound, all night long
