Slow Drag

The Izzys

Slow drag off a cigarette
Slow drag and I'm lying in my bed
All the world is sleeping like a baby, tonight
I wanna lay you down in the ground, alrightSlow drag and I can't get up now
Slow drag, you've been messing with my mind
And all the world is sleeping like a baby tonight
I wanna see you dead, laying in the muddy groundYou're nothing to me, you're nothing to me
You're nothing to me, no more
You're nothing to me, nothing to me
Nothing to me, no moreAnd all the world is sleeping like a baby, tonight
I wanna see you dead, laying in the muddy groundYou're nothing to me, you're nothing to me
You're nothing to me, no more
You're nothing to me, nothing to me
Nothing to me, no moreHey, you're nothing to me, you're nothing to me
Nothing to me, no more, no more, oh
No more
