

# Slow Drag

## The Izzys

Slow drag off a cigarette  
Slow drag and I'm lying in my bed  
All the world is sleeping like a baby, tonight  
I wanna lay you down in the ground, alright  
Slow drag and I can't get up now  
Slow drag, you've been messing with my mind  
And all the world is sleeping like a baby tonight  
I wanna see you dead, laying in the muddy ground  
You're nothing to me, you're nothing to me  
You're nothing to me, no more  
You're nothing to me, nothing to me  
Nothing to me, no more  
And all the world is sleeping like a baby, tonight  
I wanna see you dead, laying in the muddy ground  
You're nothing to me, you're nothing to me  
You're nothing to me, no more  
You're nothing to me, nothing to me  
Nothing to me, no more  
Hey, you're nothing to me, you're nothing to me  
Nothing to me, no more, no more, oh  
No more
