Love On The Outside

Bbmak

God knows I've been hurt before
You know what I've been through
Time helps, but it doesn't cure
The scars will never heal
Said your love was never ending
But it slowly disappeared
I know you want my heart
But a friend is all I need
'Cos this love on the outside
Is all I can give
But this love on the inside
Needs some place to live
If I give you my heart
Would you give it a home?
'Cos this love on the outside
Is love all alone
I know that you love me
You said a million times
You know that it's hard for me
Been told a million lies
Said your love was never ending
But it slowly disappeared
I know you want my heart
But a friend is all I need
'Cos this love on the outside
Is all I can give
But this love on the inside
Needs some place to live
If I give you my heart
Would you give it a home?
'Cos this love on the outside
I'm takin' my time
(Ooo)
I've made up my mind
(Ooo)
It's you I'm needing
(Ooo)
You I believe in
(Ooo)

It's love forever and a day
'Cos this love on the outside
Is all I can give
But this love on the inside
Needs some place to live
If I give you my heart
Would you give it a home?
'Cos this love
(Love)
(Love)
(Love)
'Cos this love on the outside
Is all I can give
But this love on the inside
Needs some place to live
If I give you my heart
Would you give it a home?
'Cos this love on the outside
Is love all alone
