

# My Baby (feat. Nicki Bluhm)

## Karl Denson's Tiny Universe

You see it's got a hole in it  
And it don't feel right  
But when I see my baby comin'  
Then I know it's gonna be alright I thought I saw a ghost  
It gave me such a fright  
So I rolled on over, and I squeezed my baby  
In the middle of the night I was feelin kinda low  
Thought my love was through  
I had a little talk with my baby and she made me feel better  
Made me feel brand new  
I got too high  
Room start to spin  
So I asked my baby and she listen to my story  
Said it ain't no sin I don't mind, wastin time  
But when it comes, to first class company My baby does for me  
My baby does for me I was feelin kinda low  
I thought my love was through  
I had a little talk with my baby and she listen to my story  
She made me feel brand new I got too high  
Room start to spin  
So I asked my baby to listen to my story  
She said it ain't no sin  
I don't mind, wastin time  
But when it comes to first class company My baby does for me  
My baby does for me  
My baby does for me  
My baby does for me breakdown - solos  
buildup (8 times or whenever I'm done!)
