I Am Wrong and I Am Right

No Fun At All

I hope you remember me
When I say my lie was true
I hope you remember me
When I say my life was you that's trueI thought I gave you love but gave you hate
I thought I helped you but I closed an open gate
It doesn't matter what I do or how I try, how I tryI'm saying I am wrong and I am right
I am wrong and I am right
In what in what I do
In what in what I doI know you remember me
But you act as if you don't
I know you remember me
But you coldly look the other wayI realized my state but much to late
I realized I couldn't put my trust in fate
It doesn't matter what I do or how I try, how I tryI came in from the cold
And I'd hate to go back again
But you leave me nothing of a choice
