

Movin' On

Novecento

Every day you're watching me
It means it has to be all right
Come and let your love be mine
That's how it's meant to be today
I want a love to keep me going on, baby
I've got a love that keeps me hanging on
 You turned me down
I want a love to keep me going on, baby
Ask me to leave I come back to you now
 Hanging on
 My love play until a new day
Comes back glad to see me movin' on
 My love pray that you won't lose me
 Some day
 My love play until a new day
Comes back glad to see me movin' on
 My love pray that you won't lose me
I'm movin' on, I'm movin' on
Now the days are not too far
 Before I start to look around
 Lonely days are here to say
 I'm glad to see your sorrow dies
I'm not to blame now that I'm movin' on, baby
 I want a love to keep me goin' on
 You turned me down
I've got a love that keeps me hangin' on, baby
 I'd be a fool to stop from movin' on
 Movin' on
 I'm goin' start a brand new story
 I know it's all i need to stay alive
 My love will never keep me now
 From movin' on, movin' on
 Before I go and start my new day
 You pray I'm gonna let the story end
 My love I'm gonna start
 As I'm movin' on, movin' on
