Undercut

Nothingface

Sane closed my head shut now that I am painted black
Everything I am is gone, like you pushed me
I burned my hand, closed now, I close my soul from behind,
Now every time I wonder if my sodomy's goneRepent my undercut (repent my lies)
Sewn shut nailed to myself (sewn shut my eyes)Crushed ever deeper, I am dead there's no belief
Time to try more to care, nothing more, I care now
Everything is done, undone to keep myself a whole,
Try believe myself, believing everything I wantRepent my undercut (repent my lies)
Sewn shut nailed to myself (sewn shut my eyes)
