Make It Happen

Electronic

Sometimes we find ourselves
Looking for something new
We stand outside ourselves
Not knowing quite what we should doI am in debt to you
(Woo)
I owe respect to you
But you've got to learn it's gonna turn
Into neglect for youAnd though
You caught me naked
I didn't enjoy it
In fact I regret itLet's make it happen
Why can't you understand?
I am a fraction
A part of a broken manI hope you understand
It's part of my action plan
To bury you in the sand
The tides gonna turnWhen will you learn
To stop hiding inside yourself
I bet you wish you were someone else
Tell me when will you learnThe day's getting longer
And you're getting common sense
So get right down off that fence
Ain't it time that you turnedAnd though
You got me thinking
You could be faking
Your ego's inflated and I'm sick of waitingLet's make it happen
Why can't you understand?
I am a fraction
I am a broken manI am a broken manLet's make it happen
Why can't you understand?
I am a fraction
A part of a broken manMy soul is in rapture
If only we could hold on
Let's cause a reaction
Just like you know we should
