

Goodbye (Adios Version)

Audio Adrenaline

You'll be fine tomorrow
The sun will rise again
It's never easy to say goodbye
You know I'll always love you
You know I always will Goodbye, goodbye, goodbye
My old friend
(My old friend) Goodbye, goodbye, goodbye
We've reached the end
(We've reached the end) I don't cry for sorrow
I cry with joy
The memories we've made
Can't be destroyed You know I won't forget you
You know I never could
And when I say I loved you
You know I meant for good Goodbye, goodbye, goodbye
My old friend
(My old friend) Goodbye, goodbye, goodbye
We've reached the end
(We've reached the end)
You know I'll always love you Goodbye
Goodbye
Goodbye
Goodbye Goodbye, goodbye, goodbye
Goodbye, goodbye, goodbye
Goodbye, goodbye, goodbye
Goodbye, goodbye, goodbye Goodbye, goodbye, goodbye
My old friend
(My old friend) Goodbye, goodbye, goodbye
We've reached the end
(We've reached the end) You know I won't forget you
You know I never could
And when I say I loved you
You know I meant for good
