Vertigo

Lucas Reyes, Rafael Saenz

I'll do everything but you're not that way
I'm lost around you
And you'll do everything with the same old lies
When I can't even try
Yeah, you get me high, I'm feeling so low
How far will you let me go?
Yeah, you get me high, I'm feeling so low
I'm knocked down by the vertigo
Nothing means a thing when you're cold and gray
I fall behind you
I'll make the same mistakes with the same old lies
When I can't even fight
Yeah, you get me high, I'm feeling so low
How far will you let me go?
Yeah, you get me high, I'm feeling so low
I'm knocked down by the vertigo
Yeah, you get me high, I'm feeling so low
How far will you let me go?
Yeah, you get me high, I'm feeling so low
I'm knocked down by the vertigo
Yeah, you get me high, I'm feeling so low
How far will you let me go?
Yeah, you get me high
