## Scissor Sisters

F\*\*\* Yeah

Let me turn that so you know who I am  
Got a rack like a boobie got ass like a Ken  
Have a thrust, lusted, blusted, 'cause I must get  
Sharper than a fine white line to the blusted  
Give it to my daddy got a big hit get my dick wet  
Keep dragging on the ground when I fly with the jet set  
Backwards discotech I earned it fine line buy wine I learn  
How to work it like Gary in a coal mine  
Rough trade with the papa man tough  
When I shake that ass crack take that didn't want me  
But an O.K. back, cuz its in the parquet  
Gotta take a Gatorade, protein shake  
Got my six in the automatic go snap snap  
Turn it to feel my lovin  
Think you better work it to feel my lovin  
Think you gotta turn it to feel my lovin  
Think you better work it to feel my lovin  
My wheels turning like a river but I suck like a Hoover  
They call em pussy, Up-The-Butt Vancouver  
I got ass like man so I don't feel like dancing  
For the Blue Man Group I give a moment chance  
I suck a mother lode because I'm strong  
If you got a sequin Ill put it on  
Walking with a flat bush  
Nothing but a thong  
This is not a love song; my theme song  
True line in my pussy but he lick at the curves  
Like I got vitamin C cause baby you have the scurvy, curvy you heard me  
Gotta sit like a queen  
Then I hurdy-gurdy  
Let me take off my shirt-y  
Baby say, Fuck yeah (Thats what Im gonna do)  
Baby say, Fuck yeah (Baby said so too)  
Baby say, Fuck yeah (What you waiting for?)  
I'm tired of waiting on you  
Baby say, Fuck yeah (Thats what Im gonna do)  
Baby say, Fuck yeah (Baby said so too)  
Baby say, Fuck yeah (What you waiting for?)

I'm tired of waiting on you  
Turn it to feel my lovin  
Think you better work it to feel my lovin  
Think you gotta turn it to feel my lovin  
Think you better work it to feel my lovin  
{ Ana Matronic: }  
Don't you be surprised  
While I fetishize  
Let me describe  
I moisturize  
No Levis  
Just fruit flies  
Touch my up-do  
I cut you  
My Miu-Miu shoe  
Dodge doo-doo  
Like Miuccia  
I suit ya, fresh like baja  
Raw like XuXa  
Soy una pinche bruja  
Why take it to the backs unload that  
What you find when the cops unload that  
Nothing but a compact disc and a Kodak  
Know that throwback dont fool Kojack  
(2x)  
Suck up on the loving cause I'm strong  
If you got a sequin Ill put it on  
Walking with a flat bush  
Nothing but a thong  
This is not a love song; my theme song  
[No get into your love thats what I planat your man]  
Turn it to feel my lovin  
Think you better work it to feel my lovin  
Think you gotta turn it to feel my lovin  
Think you better work it to feel my lovin  
Why take it to the backs unload that  
What you find when the cops unload that  
Nothing but a compact disc and a Kodak
