

I Live In a Car

UK Subs

well i live in a car,
yeah i live in a car
well i ain't got no television set or stereo
cos i live in a car
don't try to call me up on the telephone
cos i won't be home,
i live in a car

well i live in a car,
yeah i live in a car
well i ain't got no yard,
no i.d.card cos
i live in a car

but i don't care

yeah i live in a car
