Time Won't Wait

M. Ward

All you people
Going out tonight
All I want
Is one soul to love me
One soul to love me
One soul to love me
One soul to love me
Hold me tight
'Cause, to be lonely tonight
Well that would not be right
All you people
Going out tonight
So many people
Don't know what they want
I know what I want
That's one soul to love me
One soul to love me
One soul to love me
One soul to love me
Hold me tight
'Cause, to be lonely tonight
Well that would not be right
All you people
Going out tonight
Time won't wait for you
Time won't wait for me to
Me to wait for you
Time won't wait for you
Time won't make for me to
Me to wait for you
Yeah it's true
Everybody's got someone to love
All I want
One soul to love me
Just one soul to love me
Just one soul to love me
Hold me tight
'Cause, to be lonely tonight
Well that would not be right

All you people
Going out tonight
Yeah with all you people
Going out tonight
Yeah with all you people
Going out tonight
Yeah with all you people
