

# Time Won't Wait

M. Ward

All you people  
Going out tonight  
All I want  
Is one soul to love me  
Hold me tight  
'Cause, to be lonely tonight  
Well that would not be right  
All you people  
Going out tonight  
So many people  
Don't know what they want  
I know what I want  
That's one soul to love me  
Hold me tight  
'Cause, to be lonely tonight  
Well that would not be right  
All you people  
Going out tonight  
Time won't wait for you  
Time won't wait for me to  
Me to wait for you  
Time won't wait for you  
Time won't make for me to  
Me to wait for you  
Yeah it's true  
Everybody's got someone to love  
All I want  
One soul to love me  
Just one soul to love me  
Just one soul to love me  
Hold me tight  
'Cause, to be lonely tonight  
Well that would not be right

All you people  
Going out tonight  
Yeah with all you people  
Going out tonight  
Yeah with all you people  
Going out tonight  
Yeah with all you people
