Consider Yourself

Kidsongs

Consider yourself at home
Consider yourself part of the family
Iâ€™ve taken to you so strong
Itâ€™s clear, weâ€™re, going to get along

Consider yourself well in
Consider yourself part of the furniture
There isnâ€™t a lot to spare
Who cares, whatever weâ€™ve got we share

If it should chance to be we should see
Some harder days
Empty larder days
Why grouse?
Always a chance weâ€™ll meet somebody
To foot the bill
Then the drinks are on the house

Consider yourself our mate
We donâ€™t want to have no fuss
For after some consideration we can state
Consider yourself one of us

Nobody tries to be la-di-da and uppity
Thereâ€™s a cup of tea for you all
Only itâ€™s wise to be handy with a rolling pin
When the landlord comes to call

Consider yourself our mate
We donâ€™t want to have no fuss
For after some consideration we can state
Consider yourself one of us

Consider yourself one of us!
