Falco Rides Again

Falco

This is the story of a lonely man
Who's seen the world
From Japan to Afghanistan
Hey! Ho!
Everybody thought that I was gone for good
But I'm back - understood
Hey! Ho!
I've been through the snow and the storm
Felt the cold
No one to keep me warm
Agony and pain
Falco rides again - Bang bang
I won't break
I won't bend
Falco rides again
It's me and my gang

I came back just like a boomerang
I'll fight 'till the end
Falco rides again
I've been up, I've been down
I've been pushed around
Beated, mistreated,
Gagged and bound
Hey! Ho!
Not a soul in the world thought I would survive
Took every muscle in my body to stay alive
Hey! Ho!
I'll break down the walls
No more defeat
I want the taste of victory
Revenge is sweet
.. rides again!
