

Alight a New Tomorrow

Edenbridge

Advisory - the following lyrics contain explicit language:

Fraying, straying
Decaying, the world's at sea
Are we resigned to our fate ?
Lying, denying
We're walking aimlessly
Trying, slying
Saving face no longer[Chorus:]
The world is waiting for
A change within our hearts
The last card for us all, a new era starts
So hit the road out there
Alight a new tomorrow
Recall a far off time
Step out here and follow Why, wherefore
Hell-bent we should leave
We think we've got oceans of time
(Bridges burn)
A decisive turn
It will be waiting to happen
A heavy load, this dusty road
Can't lead us too much longer[Chorus:]
The world is waiting for
A change within our hearts
The last card for us all, a new era starts
So hit the road out there
Alight a new tomorrow
Recall a far off time
Step out here and follow[Chorus:]
The world can't wait
A change within our hearts
It's for us all
Alight a new tomorrow
