Nothing Left To Say

Us5

There's nothing left to say
Go nowhere left to go
I feel it in my heart beat
Can you feel my heart beat
I'm torn into pieces
Don't know all the reasons
But you gotta go
(Go, go, go, go, go, go)
I'm taking back control
I can see you, you're looking away
Like a player that's caught in the game
(Tell me)
If you're seein' somebody
Are you seein' somebody else?
(Somebody else)
You can claim that it's all in my head
Talkin' crazy, well you pushes me to this
(Tell me)
Is there really somebody?
If there's really somebody else
I've got nothing left to say
There's nothing left to say
Go nowhere left to go
I feel it in my heart beat
Can you feel my heart beat?
I'm torn into pieces
Don't know all the reasons
But you gotta go
(Go, go, go, go, go, go)
I'm taking back control
You can tell me you love me the same
Stop pretending and just take the blame
(Show me)
That there's really nobody
'Cause I know there's somebody else
St-st-stuttering because you got caught

Now I'm taking back all the lies that I bought
(Sorry)

Gotta find me somebody
Gonna find me somebody else
There's nothing left to say
Go nowhere left to go
I feel it in my heart beat
Can you feel my heart beat?
I'm torn into pieces
Don't know all the reasons
But you gotta go
(Go, go, go, go, go, go)
I'm taking back control
No telling me you can make this better
No asking me to forget your lies
It's gone too far you can't change
A thing about me
There's nothing left to say
Go nowhere left to go
I feel it in my heart beat
Can you feel my heart beat?
I'm torn into pieces
Don't know all the reasons
But you gotta go
(Go, go, go, go, go, go)
I'm taking back control
There's nothing left to say
Go nowhere left to go
I feel it in my heart beat
Can you feel my heart beat?
I'm torn into pieces
Don't know all the reasons
But you gotta go
(Go, go, go, go, go, go)
I'm taking back control
