

# Lingo with the Gringo

## OMC

Higher flier, angel's wings we drive  
My destination, Happy Ville  
Money spent on refreshments to cool my temperature  
A fine wine or two, sweet food for my mind songThe coolest music to swing to  
Jamming out tunes that remind me of you  
My pockets lined with gold, I sold the old to reflect  
The new tune on my stereo, blow, flowTasting sweet dreams caresses me, tried a new style  
Wow, lost the vibe while I was in denial  
Took a bad trip, slip, flip, shook my ego  
I shouldnt let it get me down sonI need to just live a little, play some fun games  
With sisters with no names, stories told in street lingo  
Understandable by some friends, I have none  
Brothers and sisters under the same old sunNaked to the devil's deviants, we show a blind eye  
We need no one to spoil our adventures of books  
Marked at chapter one  
Underlined 'Ravings of Polynesia'Lingo with the Gringo, Im in Lingo with the Gringo  
Lingo with the Gringo, Im in Lingo with the Gringo  
Lingo with the Gringo, Im in Lingo with the Gringo  
Lingo with the GringoLingo with the Gringo, Im in Lingo with the Gringo  
Lingo with the Gringo, Im in Lingo with the Gringo  
Lingo with the Gringo, Im in Lingo with the Gringo
