

Why They Call It Falling

Lee Ann Womack

It's like jumpin'
It's like leapin'
It's like walkin' on the ceilin'
It's like floatin'
It's like flyin' through the air
It's like soarin'
It's like glidin'
It's a rocket ship you're ridin'
It's a feelin' that can take you anywhere
So why they call it fallin'?
Why they call it fallin'?
Why they call it fallin'?
I don't know
There was passion
There was laughter
The first mornin' after
I just couldn't get my feet to touch the ground
Every time we were together
We talked about forever
I was certain it was Heaven
We had found
So why they call it fallin'?
Why they call it fallin'?
Why they call it fallin'?
I don't know
But you can't live your life
Walkin' in the clouds
Sooner or later
You have to come down
It's like a knife
Through the heart
And it all comes apart
It's like someone takes a pin to your balloon
It's a hole
It's a cave
It's kinda like a grave
When he tells you that he's found somebody new
And why they call it fallin'?
Why they call it fallin'?

Why they call it fallin'?

Now I know

Why they call it fallin'?

Why they call it fallin'?

Now I know
