

The Sky Is the Limit

Braiden Wood

When we were kids, we had big dreams
To see our face on a silver screen
Wanted to be on a TV show
Be the someone that everybody knows But keep in mind that you're one of a kind
You have something that a lot of people'll never find
You bring light into a world that's dark and blind
You gotta keep the truth that's on your mind When dreams go wrong
And the hope is gone
When our hearts are numb
Aim for stars in the sky The sky is the limit
Yeah, the sky is your limit
The sky is the limit
Yeah, the sky is your limit We grow up and something's changed
But in some ways we're still the same
We still get tired when nothing works
We're so sick from getting up from the dirt But keep in mind that you can do anything
You have something that everybody wants to see
You're that someone that everybody wants to be
So get out there and keep trying When dreams go wrong
And the hope is gone
When our hearts are numb
Aim for stars in the sky Soon the storm will come
We'll soon write from home
We'll come back so strong
Aim for stars in the sky The sky is the limit
Yeah, the sky is your limit
The sky is the limit
Yeah, the sky is your limit And when we're old
I hope we carry no regrets
Hope we squeeze the life
From morning to sunset When dreams go wrong
And the hope is gone
When our hearts are numb
Aim for stars in the sky Soon the storm will come
We'll soon write from home
We'll come back so strong
Aim for stars in the sky The sky is the limit
Yeah, the sky is your limit
The sky is the limit

Yeah, the sky is your limit
