Might As Well Get Stoned

Chris Stapleton

Well, she said, she didnâ€™t love me
And kicked me out the door
Now Iâ€™m livinâ€™ in one room
And sleepinâ€™ on the floor
Think Iâ€™m gonna kick my boots off
And put some music on
And since Iâ€™m all alone
I might as well get stoned

I might as well get stoned
Get it off my mind
Ainâ€™t got a thing to do
All Iâ€™ve got is time
The bottleâ€™s all Iâ€™ve had to be a friend of mine
And since my whiskeyâ€™s gone
I might as well get stoned

Now every time I watch the TV
Another soldier dies
Another brotherâ€™s gone
Another mother cries
Now I know theyâ€™ve got a job to do
But if I had one wish
I wish theyâ€™d all come home
So, we could all get stoned
