

Right Where I Want You

Selah Sue

This time I know I'll get it
As long as I shine on your way
You'll be my friend everyday
But these eyes, they can see
what you're hiding from me
The smiles that you wear on your face
The gold that you chase is on me I got to say this about you
I got you more than you know
Right where I want you
I got you more than you'll ever know
Right where I want you These wall I, I could not burn it
Though I feel renew for this place
I'll be this fake I can not bare it I got to say this about you
I got you more than you know
Right where I want you
I got you more than you'll ever know
Right where I want you
Right where I want you
Right where I want you
