

# Players

## Crazy Town

(Players)

It's the seven eighty-eight

DDT a, just like Jake The Snake

Actually, we don't participate

But if you do then I'ma see you at your Wake

(Players)Don't let the drama fluctuate, I don't wanna

I gotta, because it's snakes

Now where would we be at, if we let you do that

We'd probably, be laying on our backs

(Players)Talkin' this and that you on my

Your plan yeah, it was wack

I never would play myself out like that

But, um, I guess that's where you at

(Players)

(Then I'ma play a game for ya)What I'ma do is like, uh

Cut out ya whole crew

'Cause ya crew likes to bite us

Y'all stick to freestyling

'Cause y'all ain't no writers, trying to be some

(Players)

And can't play the gameSee ya, sound the same

And ya claim to be something you ain't

And won't be without SV

(That's right)

Y'all need to be smacked

Open hands and beat by these

(Players)I could give a fuck about this shit

You all up in my face over some ho shit

Just come out

You wanna be wit my click, you must know, really

How wild I get, when I walk in the place saying

(Players)

Yes, YesThere's some people who really wanna see the S

Personally, I could give a fuck less

Check ya lady, she's a groupie ho

Opening her coochie hole, fuck that ho

(Players)[Incomprehensible]

When you front, this is for [Incomprehensible], you

You, you, you, you, you, youYo, Yo, you wanna be some

(Players)  
And can't play this game  
Ya, sound the same  
And ya claim to be something you ain't  
And won't be without SV  
Y'all need to be smacked, open hands and beat by these  
(Players)Talkin' this and that you on my  
Your plan yeah, it was wack  
I never would play myself out like that  
But, um, I guess that's where you at  
(Players)For me to hold you up  
You think I really give a fuck  
You, you, you, you and your crew  
Y'all just some  
(Players, players, players)
