Still Rise

Strife

Stepping ground lost, fallen through the sands of time. The
security once known has been stipped back and exposed. Strong
hands which before expressed support have now faded from my sight.
Stong hands scorn my eyes to darken the light...and it just
slips away. It burns. It burns in my heart. I thought I knew
what I was looking for. I thought I knew what I would find.
I thought I knew what would become of me. It feels like like
I knew nothing. Figure it out what's going on. Well in my heart I
know I'm strong. Figure out what went wrong. It feels like
it took too long. Too long!
