Rock 'n' Roll Pain Train

Kid Rock

15 years on this lonely road
I paid my own way, I carried my own load
I never ask too much from no one, I was much too proud
All I ever wanted was to play my music for a sold out crowd
Bitches, money, fame, they say I had it all
6 foot 1, I walked around like I was 10 feet tall
Did you see me shine?
Where the hell were you now? Detroit city back in '99
Just stoned out of my mind
On that rock 'n' roll pain train
I had to slow things down
I live out in the woods now
It helps me keep my feet on the ground
Oh, life's been good to me so far
Hope it's been kind to you
Stand strong in the storms of life
The sun will always shine on you
Now I've been rolling on love and lust
I ride around on this million dollar bus
But this bus is just a bus,
And man, I can't sleep at night
Man, I miss my babies
And I'd really like to fuck my wife
But she ain't here tonight
On that rock 'n' roll pain train
After the lights go down
I live out in the woods now
It helps me keep my feet on the ground
Oh, life's been good to me so far
Hope it's been kind to you
Stand strong in the storms of life
The sun will always shine on you
I've seen this train wreck
Time and time again, I felt its pain
I've seen it take my friends
You've got to stop and take a look, man
Or life will pass you by
Get you a guitar and a good song
That's all you really need to ride

On that rock 'n' roll pain train
I can't slow it down
The music and the whiskey
Don't it make you wanna get loud?
Oh, life's been good to me so far
Hope it's been kind to you
Stand strong in the storms of life
The sun will always shine on you
The sun will always shine on you
