## The Roots

Better believe it, cause it is coming  
You won't believe the site you see before eyes Just push the panic button on your remote control  
Then enter the zone where our patrolers will get round cold soul  
Diddly Bo leave for feelin' a saga foretold  
Who got caught pon the block for gold got the old  
Heads froze, they peepin' outta closed windows  
They not secure as they supposed I watched it all unfold  
Well this another episode with titanic panoramic view is dismantle  
Depressin' um, load with this gun hold  
Wild like a sun sold for cash  
Guns traded for sensi and hash crack for ass  
Entire crews pass not making the news flash  
Brews pass a memory and spark not to blast  
Whatever have transform to the war path  
Pure wrath from north down to 24th and Task  
Games store the half the niggas you were prayin the streets  
Tainted with camouflage, guerrilla sabotage  
My cousin's da ratatard was livin tight large  
Got caught then blast crashed off on Broad and Lambar  
So many so called hearts scared they buried in the yard  
Lick shots at Babylon de one comfy bombard  
Kids run far from traditional credit cards scams  
Veterans is nipped in the butt with large plans  
Stick up kids is jumpin' outta played the Dodge Rams to jam  
You and your man it's mad drama and Better believe it, cause it is coming  
You won't believe the site you see before eyes This is for all of my niggas that are RIP  
You ain't missin' of life ain't what this should be  
I pass a car soon you know who's the enemy  
Lots of shit has changed and it's kinda fucked up to see  
You remember Top see nigga think slice of dream  
Yo I'm fast for the buck do anything for the cream  
Never seen a case like this although it's quite contagious  
He even got his little bother actin' all outrageous  
From dusk to dawn and from dawn back to dusk  
They do anything and everything tryin to come up  
It's kinda sickenin' how the cash is so fucking addicted  
And when I say some bout they say that that's conflicted  
Ain't nothin' but a contradiction in this world we live in  
Cause the loot is for the takin' and not for the givin'

Then ya got this world well I say I'ma die hustlin'  
Fuck everybody except my brother who I'm trusted in  
I guess the couple just did not know the truth  
Cause the following week I seen threw him of the roof  
And sometimes I wonder what the fuck I think about that  
How nowadays kids get whap for somethin' less than a pat  
But I guess that's how it goes when there ain't no more rap  
Thought he was his brothers keep but fuck all that  
Niggas causin' mayhem from the p.m.'s to a.m.'s  
Americas worst nightmare guns against hands Better believe it, cause it is coming  
You won't believe the site you see before eyes It was the year of '84 I was tryin ta get in the mix  
The year the niggas roll with sheepskins gazelles and kicks  
Even got the patten leather Adidas snatched of your feet  
Man that talk is cheap the crippled can't walk for weeks  
The first sto was word to Penn and Teller's  
Strolled in the dollar house parties and search for Cinderella  
Was just a little man real bold  
Tryin to act grown and old so da respect can be shown  
A Hip Hop a little copped in and break dancing  
When niggas wore wind breakers plot to take lamb skins  
Remember Ziggler's? Uptown the bottom to Natrona and  
St. Charles in South Phil the ooh mob gang  
H-are-M Ogontz Ave. Brickyard to hollow  
Niggas was snatching gazzeles and flipping pockets for the dallo  
You run ya little wolf chain in West Oak Lane  
And niggas from Logan came to extort we know the game  
You proclaim this gangster bullshit talk  
And never even seen your man shot a bodies in charge  
Aggravated assault another weekend in the precinct  
Take everybody for their ring man that's how we think  
Back then you catch a sucker punch off guard  
Niggas will pull you card trying to walk around all hard  
Niggas quick to flip your pockets if you lip service  
When you see fifty niggas deep with Scully's get nervous  
It ain't no telling what they could do to you  
So you clutch up thinking you knowing you getting stuck up  
In another episode in my area code It's another episode in my area code
