# Loveshine

## John Corabi

Oh baby, walked a million miles climbin' up this mountain
Lookin' for your smile
Oh sugar, where's my baby been?
My heart is like the ocean waitin' for your love to sail on inLet my loveshine, mmm, let my loveshine in
Ooh baby, won't you let my loveshine in, yeahOh baby, remember yesterday?
You spoke to me in riddles and your mystery remains
Ooh sugar, you'll be my oldest friend
You held me in my youth and you'll hold me in the end again, my friendLet my loveshine, mmm, let my love shine in
Ooh, baby, won't you let my loveshine in, yeah
Let my loveshine, loveshine in
Let my loveshine, yeah, let my loveshine
Baby, won't you let my love?
Baby, won't you let my loveshine in, loveshine in?
