

I Live to Make You Smile

Jamie Lidell

Hmm...The sweetest moments in my life
They're not the ones
Where I'm serving myself
The greatest joys don't feel like any sacrifice
I'm yours it's my honor to be healedI live to make you smile
I live to make you smileMmmhmThe truest moment in my life
When I realized
All the joy I could bring
I felt in purpose that at last
I could justify when I knew how happy I could make youI live to make you smile
