Hey Sexy

Keyshia Cole

uh huh yhyh
uh huh baby yhyh
Verse 1:
7 in the morning
That look in your eyes
Says everything I'm thinking
No need to apologize
Your shadow of a mind
Hit me up like sunrise
Bury my body in the pillow
flying away with my hero
Hook:
Ooooooohh baby
I want that breakfast
Sunday till noon
You know I want it
Thats why I'm still on it
Laaaaaaaaa oh baby
Under you til the sun goes down
From the bed to the dresser
Thrill light special boy bless ya hey
Chorus:
Sexy
Rock me
All night long
Rock me til the break of dawn
I love it when you turn me on
Sexy
Rock me
All night long
Rock me til the break of dawn
I love it when you turn me on
Verse 2:
If you make this last forever (forever)
Its nothing like when we're together (together)
So lift ourselves
Let me float away in your ocean
So far from the shore
But I'm sure

Slow motion babe
Hook:
Ooooooohh baby
I want that breakfast
Sunday till noon

You know I want it
Thats why I'm still on it
Laaaaaaaaa oh baby
Under you til the sun goes down
From the bed to the dresser
Thrill light special boy bless ya hey
Chorus:
Sexy
Rock me
All night long
Rock me til the break of dawn
I love it when you turn me on
Sexy

All night long
Rock me til the break of dawn
I love it when you turn me on

You're going down right after that
Going til our bodies break done
He like how that sounds
