That's All I Want

Az Yet

Take it from me

That you're gonna be in love

Just give yourself some time

You're just in a shaky frame of mindTake it from me

That everyone's not that way

Just out to break your heart

So baby, don't fall apartI know that it hurts sometimes

But girl if you let me ride

I'll make you feel the way you want

I'll make you feel like you're in loveDon't want you to compromise

We can just take our time

Whatever makes you feel, you're loved

That's all I wantTake it from me

You're gonna love someone

I can see it in your eyes

Somebody's gotta treat you rightTake it from me

Your life is bound to change

He'll never, ever break your heart

And you'll never have to feel that painI know that it hurts sometimes

But girl if you let me ride

I'll make you feel the way you want

I'll make you feel like you're in loveDon't want you to compromise

We can just take our time

Whatever makes you feel, you're loved

That's all I wantYou have this tendency to blame things on yourself

Has it not occurred to you, that it may be someone else

There is an urgency to change the way you feel

I'm here to make the way for you, you're not by yourselfI know that it hurts sometimes

But girl if you let me ride

I'll make you feel the way you want

I'll make you feel like you're in loveDon't want you to compromise

We can just take our time

Whatever makes you feel, you're loved

That's all I wantI know that it hurts sometimes

But girl if you let me ride

I'll make you feel the way you want

I'll make you feel like you're in loveDon't want you to compromise

We can just take our time

Whatever makes you feel, you're loved

That's all I wantI know that it hurts sometimes

But girl if you let me ride

I'll make you feel the way you want

I'll make you feel like you're in loveDon't want you to compromise

We can just take our time

Whatever makes you feel, you're loved

That's all I want
