## **Drowning**

## Quantec

No, no, no, no, no Uh, wait

[Verse 1]

You, gotta excuse me
You see I went looking for yesterday
That's where I think all the good memories of you and
me, went, yeah
So I'm swimming in a sea of forgetfulness
Just to get a glimpse of the you I remember, damn
(Damn)

[Pre-Chorus]

I miss you cause the one I'm lookin' at right now She, looks just like sounds just like feels just like

you

But I'm so confused cause she don't seem like you So when I get there

[Chorus]

I'Il be drowning , drowning
I'Il be drowning
In our memories
When I get there
I'Il be drowning
I'Il be drowning
Ia€™Il be drowning
In our memories
I rather be there than here

[Verse 2]

I, don't, want a life saver (No)
But let's just gonna save this love?
If it's not that leave me right here
Let me breathe in the moments I won't let go, of
I wish you'd get back to that girl
The one that I remember as my lover, damn (Damn)

[Pre-Chorus]

I miss her cause the one I'm lookin' at right now

## She, looks just like sounds just like feels just like you But I'm so confused cause she don't seem like you So when I get there

[Chorus]
I'Il be drowning, drowning
I'Il be drowning
In our memories
When I get there
I'Il be drowning
I'Il be drowning
I'Il be drowning
In our memories
I rather be there than here

I rather be there than here
I rather be there than here
I rather be there than here
Than here
Than here
