

You're Gonna Be Fine

[Amy Studt](#)

Constantly finding ways to fill the empty space
But still it seems that nothing touches you anymore
And you're not really sure which way to turn
If you feel sadness sweep you off your feet
Don't hold in the things that you feel
And don't be ashamed of who you are
And don't be afraid to stand your groundx2
Cause at the end of the day
You're one step closer to finding your way
And although you might think you're out of time
You're gonna be fineYou should know
That things aren't always as they seem
So why still swim
In the depths of the tide that's pullin you in
That makes you think your life has been a waste of time
Leave the shade
And step out into the galre
Peace of mind awaits you there
And don't be afraid to stand your ground
And don't be ashamed of who you areChorus x2
Never had the help to find your way
There's nothing you could do or could say
You have to find your own mistakes to make
Just look inside of you
you're gonna make your own way through
yeahChorus x2
