

Essence of Your Presence

LaRue Howard

Here I am again
Face to face with you
Your Spirit welcomes me
To worship at your feet

I don't ask a thing
I just bring my offering
Hoping you'll be pleased
As I go to my knees

In the essence of your presence
That's where I long to be
With my head and heart bow down
Crying Holy
With the four and twenty Elders
Casting crowns at Your feet
In the essence of Your presence
That's where I long to be

There is nothing like Your presence (3x)
In the essence of Your presence
That's where I long to be
