In Her Eyes

Josh Groban

She stares through my shadow
She sees something more
Believes there's a light in me
She is sureAnd her truth makes me stronger
Does she realize?
I awake every morning
With her strength by my sideI am not a hero
I am not an angel
I am just a man
A man who's trying to love her
Unlike any other
In her eyes, I amThis world keeps on spinning
Only she steals my heart
She's my inspiration
She's my Northern StarI don't count my possession
All I call mine
And give her completely
To the end of all timeI am not a hero
I am not an angel
I am just a man
A man who's trying to love her
Unlike any other
In her eyes, I amIn her eyes, I see the sky
And all I'll ever need
In her eyes, time passes by
And she is with meI am not a hero
I am not an angel
I am just a man
A man who's trying to love her
Unlike any other
In her eyes, I am
In her eyes, I am
