

If You Walk Away

Jimi Jamison

Don't just stand there
With those guilty eyes
If you're gonna pull the trigger
I don't wanna hear no alibis

Don't try to tell me
It's your hard heart crossed to bed
Cause I'm the one that's losing
I'm not going anywhere

If you walk away from love
You're headed down a long dark road
If you're gonna leave me now
There's something you should know

It's gonna take a long long time
It's something you might never find
Cause if you walk away from me
You walk away from love

Was I just dreaming
Were you acting out a part
Is this the final curtain
Closing on my heart

So if you're going
Well then go ahead and leave
Cause I'm not gonna beg you
Or get down on my knees

If you walk away from love
You're headed down a long dark road
If you're gonna leave me now
There's something you should know

It's gonna take a long long time
It's something you might never find
Cause if you walk away from me
You walk away from love

Somewhere down the road you realize
The love you need was right here all the time

[guitar solo]

It's gonna take a long long time
It's something you might never find
Cause if you walk away from me
You walk away from love

If you walk away
