Halliburton Piggies

Inner Surge

Boardroom animals bobbing for cash
Familiar rhetoric of unapologetic lawlessness
Artificial hands authorize themselves
Miscalculated figures realign themselvesGoing out on the town
Dressed up in legitimacyHalliburton Piggies
Fat Halliburton Piggies
Fantasy planners assuming early victory
Halliburton PiggiesA cold fortress built on contracts
It's here the arguments congratulate themselves for "staying the course"
Let's use "reform" as a code word for the changing of faces
The beasts behind the smokescreen are trading their placesEscaping the all-seeing eye
Mutilating the pressure point
Picking the bones of the dead
DroolingGoing out on the town
Dressed up in legitimacyHalliburton Piggies
Fat Halliburton Piggies
Fantasy planners assuming early victory
Halliburton PiggiesGlobal fraud seperates the criminal, the dead, and the oblivious
Secure the account
There is no consequenceFat Halliburton Piggies will tell you
Fat Halliburton Piggies will tell you
War is ProfitMrs. Cheney does not like the term "Genocide"
Well, I'm sorry that she feels that way
Hiding from our history
Truth a form of blasphemy
I'm sorry that it's come to this
We become the new dissent
We are inconvenient
Sorry
