

Please Don't Tell Her

Big Head Todd and the Monsters

I always leave her waiting
I always leave her down
If she should come my way
I always turn around But please don't tell her I love her
Please don't tell her I love her I always keep her out
I never let her in
If she should come my way weeping
I greet her with a grin And I say please don't tell her I love her
Please don't tell her I love her If she should discover colors of my love
Then she will fly, fly away Now you can try tenderness
Or you can try to hang around
Oh, but I'm sure she'll love you less
I'm sure she'll bring you down But please don't tell her I love her
Please don't tell her I love her
Please don't tell her I love her
But please don't tell her I love her But please don't tell her I love her
Please don't tell her I love her
