Bullet Proof

Cyclefly

Did you ever pass through a looking glass?
Did it seem unkind to the idle mind?
Will it make a pass when you're free at last?
Fall asleep now, pray and keep what's already torn.
How does it feel to be?
Do you see your past through an empty glass?
Has it redesign for the idle kind?
Will it make you crash when you're free at last?
Fall asleep now, pray and keep what's already torn.
How does it feel to be bullet proof... bullet proof.
Reach for the evident animal sentiment.
Reach for the evident animal sentiment.
Reach for the evident animal sentiment.
Reach for the evident.
Fall asleep now, and pray and keep what's already torn.
How does it feel to be bullet proof,
Bullet proof, bullet proof, bullet proof.
Reach for the evident animal sentiment.
Reach for the evident animal sentiment.
Reach for the evident animal sentiment.
Reach for the evident animal sentiment.
Reach for the evident animal sentiment.
