I still Cry

Ilse DeLange

I`m making flowers out of paper
While darkness takes the afternoon
I know that they won`t last forever
But real ones fade away to soon[Chorus:]
I still cry sometimes when I remember you
I still cry sometimes when I hear your name
I said goodbye and I know you`re alright now
But when the leaves start falling down I still cryIt`s just that I recall September
It`s just that I still hear your song
It`s just I can`t seem to remember
Forever more those days are gone[Chorus:]
I still cry sometimes when I remember you
I still cry sometimes when I hear your name
I said goodbye and I know you`re alright now
But when the leaves start falling down I still cry
