

# I still Cry

[Ilse DeLange](#)

I'm making flowers out of paper  
While darkness takes the afternoon  
I know that they won't last forever  
But real ones fade away too soon [Chorus:]  
I still cry sometimes when I remember you  
I still cry sometimes when I hear your name  
I said goodbye and I know you're alright now  
But when the leaves start falling down I still cry  
It's just that I recall September  
It's just that I still hear your song  
It's just I can't seem to remember  
Forever more those days are gone [Chorus:]  
I still cry sometimes when I remember you  
I still cry sometimes when I hear your name  
I said goodbye and I know you're alright now  
But when the leaves start falling down I still cry
