

# I Wish I Could

Collin Raye

Looking out my window, see you playing in the leaves  
Its amazing how a little girl means all the world to me  
When I tell you that I love you, I love you more than words can say  
Smile, say cheese pretty-please I wanna take  
your picture  
Howd you ever get so big, oh I gotta take your picture  
Hold on to the memory before the whole thing slips away  
I wish I could save these moments  
And put 'em in a jar  
I wish I could stop the world from turning  
Keep things just the way they are  
I wish I could shelter you from everything  
Not pure and sweet and good  
I know I cant, I know I cant  
But I wish I could  
When you kiss me for no reason it goes straight to my heart  
When I feel your arms around me I almost fall apart  
Its time for bed you whisper, "Daddy, we forgot to pray"  
I wish I could save these moments  
And put em in a jar  
I wish I could stop the world from turning  
Keep things just the way they are  
I wish I could shelter you from everything  
Not pure and sweet and good  
I know I cant, I know I cant  
But I wish I could  
And when I watch you sleeping  
All my worries fade away  
A little bit of heaven glows on your angelic face  
I wish I could save these moments  
And put 'em in a jar  
I wish I could stop the world from turning  
Keep things just the way they are  
I wish I could shelter you from everything  
Not pure and sweet and good  
I know I cant, I know I cant  
I know I cant but I wish I could
