

# Greener Pastures (live)

## No Doubt

You're always tellin' me to go out more  
Go ahead, get out and see the world  
But then I think, why should I  
I'd rather stay home and cry I never thought that I could be the other  
The other way like the other ones  
Let me open wide, let you see inside  
And then you might agree Would you say they find me unstable  
'Cause they see me act a little bit different  
But I know my way to greener pastures and  
Think about it, won't you think it over  
Please Without you I can move  
I can stretch my arms out, I can feel it  
And when I'm in my room alone I feel good  
Because I don't have to deal with you or the outside world Would you say they find me unstable  
'Cause they see me act a little bit different  
But I know my way to greener pastures and  
Think about it, won't you think it over  
Please I guess I'll get over it  
Oh , I guess I'll get over it  
I guess I'll get over it  
I guess I'll get over it Would you say they find me unstable  
'Cause they see me act a little bit different  
But I know my way through greener pastures  
Would you say they find me unstable  
'Cause they see me act a little bit different  
But I know my way through greener pastures  
Would you say they find me unstable  
Cause they see me act a little bit different  
But I know my way through greener pastures  
Greener pastures  
See me act a little bit different  
But I know my way through greener pastures
