Suddenly

Bo Kyung Kim

Suddenly I am in front of the lights
Everything, I'm feeling
Scary and beautiful at the same time
And every day, I try just to breathe
I want to show the whole world
The truth inside of me
Suddenly, people know my name
Suddenly, everything has changed
Suddenly, I feel so alive
In the blink of an eye
My dreams begin to rain
Suddenly time feels like the wind
It changes everywhere I go
I'm just trying to fit in
Now here I stand
And I'm still just that girl
I'm following my heart
In this amazing crazy world

Suddenly, people know my name
Suddenly, everything has changed
Suddenly, I feel so alive
In a blink of an eye
Suddenly, I am center stage
Suddenly, I am not afraid
Suddenly, I believe again
In a blink of an eye, it's happening now
As my dreams begin to rain
I wanna say, 'Love Me For Me', what's inside
I'm gon' be 'Positive', not run away
'So Much For You', this is life
Suddenly, I am center stage
Suddenly, I am not afraid
Suddenly, I believe again
In the blink of an eye
My dreams begin to reign
