

# Suddenly

Bo Kyung Kim

Suddenly I am in front of the lights  
Everything, I'm feeling  
Scary and beautiful at the same time  
And every day, I try just to breathe  
I want to show the whole world  
The truth inside of me  
Suddenly, people know my name  
Suddenly, everything has changed  
Suddenly, I feel so alive  
In the blink of an eye  
My dreams begin to rain  
Suddenly time feels like the wind  
It changes everywhere I go  
I'm just trying to fit in  
Now here I stand  
And I'm still just that girl  
I'm following my heart  
In this amazing crazy world

Suddenly, people know my name  
Suddenly, everything has changed  
Suddenly, I feel so alive  
In a blink of an eye  
Suddenly, I am center stage  
Suddenly, I am not afraid  
Suddenly, I believe again  
In a blink of an eye, it's happening now  
As my dreams begin to rain  
I wanna say, 'Love Me For Me', what's inside  
I'm gon' be 'Positive', not run away  
'So Much For You', this is life  
Suddenly, I am center stage  
Suddenly, I am not afraid  
Suddenly, I believe again  
In the blink of an eye  
My dreams begin to reign
